- New York University — School of Engineering, B.S. Comp. Sci/Digital Media, **CO-2019**

// Work Experience

- **STEMLatina.Com - Online** 2011-Present
 - Creator/Blogger
 - Personal website about STEM education and life as a Latina Engineer. Worked with Microsoft (as a Teen Reviewer, 3M, HSF, Sprint, Brita and Coca-Cola).
- **TechniCopy Internship - Santo Domingo, DR** Summer 2014
 - Public Relations and Computer Science Intern
 - Collaborated with employees to advertise and speed up production .
- **DormItUp - Online** Mar-Aug 2015
 - Head Intern
 - Recruited students to help create innovative social media campaigns for this start-up company.
- **Toyota - Miami, FL** Mar 2015
 - First Teen Ambassador
 - Recruited by Toyota to advertise for STEM awareness on social media and was sponsored by them to go to Hispanicize where I spoke about my experiences in the engineering field.
- **NYU Admissions Ambassador - On Campus** 2015-Present
 - Give tours, answer phones and great parents prospective students, and donors.

// Leadership & Involvement

- **Google:SiSTEMa '15** - Webinar series for Latinos interested in STEM careers, in collaboration with Eliana Murillo (Head of multicultural Marketing at Google).
- **ESA LOFT Video Game Innovation Fellowship '14** - Created an app called "My Fitness Journey" using java and my own illustrations about the importance of a healthy lifestyle. Presented app at the White House as part of the fellowship.
- **ANNPower Fellowship '14** - Partnership between Ann Taylor, LOFT and the Clinton Global Initiative. I was one of the select few to receive the grant to help build the Women in STEM community in my town.
- **SHE++ Fellowship '14** - This Stanford Uni. fellowship aims to empower girls to join STEM fields. I was picked to attend the #Include Summit in Silicon Valley for my STEM projects.
- Get Covered America '13 '14 - Worked as a Data Analyzer for my region.
- **Ashoka's Catapult Incubator (Google/Stanford) '14 '15** - 4 Month long Incubator in Silicon Valley. Was one of the creators of "Camp Sci Girl" a 300 member wide online camp for girls interested in STEM. Classes are taught by girls for girls, from all over the nation.
- **Florida Youth Commission '14 '15** - I served as State Commissioner and Chief of Design. Focusing on statewide education reform aiming for a more inclusive curriculum.
